

OUR ALTERATIONS

Now going on have torn us up badly, but will be all straightened up in a few days and will be better able to serve our customers than ever.

Watch us grow. Our customers are forcing us.

J. H. ANDERSON & CO.

We Are GROWING LARGER.

Since we have re-fitted our store, enlarging our capacity and making it the best arranged store-room in the city, our friends and the public have appreciated our efforts to serve them and have given us substantial evidence of it, by buying more goods. We are not satisfied yet and if attention to the wants and interest of our friends will increase our business, we will do the largest Shoe & Furnishing business ever done in Hopkinsville. POWERS GUILTY.

One of Gov. Goebel's Murderers Gets a Life Sentence.

Swore Like a Trooper When the Law Deprived Him of Liberty.

Georgetown, Ky., Aug. 18.—Caleb Powers is guilty of conspiring to bring about the murder of Gov. Wm. Goebel. So said 12 men of different political faiths to day in a verdict that was arrived at without argument or wrangling in the jury room. Commonwealth's Attorney Franklin concluded his marvelously eloquent and convincing speech at 11:30 this morning, and Court adjourned till 1 o'clock, but it was 1:32 when Judge Cantrill said to the jury:

"Gentlemen, retire and make a verdict."

The jury filed into the east jury room, just behind where Powers, smiling, sat talking with the Misses Dangerfield, two young ladies who had made his acquaintance since the trial began. He seemed the same cold and unconcerned man he had been all during the trial. After the Yates case had been called and passed, Judge Cantrill adjourned Court and walked out, instructing the Sheriff that if a verdict was reached to send for him.

THEY WERE READY.

A few minutes after 2 o'clock there was a knocking on the jury room door from the inside. The Sheriff answered the call and immediately hurried out for Judge Cantrill. It was instantly flashed all over the Courtroom that a verdict had been reached. The knowing ones thought they knew that such a quick agreement meant a conviction.

Powers never stopped talking and smiling.

Judge Cantrill returned. "Bring in the jury," he said.

Powers's face then took on a strained, expectant look as the men filed past.

"Gentlemen, are you ready to report?" said the Judge, and Foreman I. G. Stone nodded assent. The verdict was passed up to the Clerk.

"Read the verdict, Mr. Clerk," said Judge Cantrill, and the Clerk read as follows, while all in the room held their breath:

"We, the jury, find the defendant guilty, and fix his punishment at confinement in the State Penitentiary for life." I. G. Stone, Foreman.

"Gentlemen, is that your verdict?" asked Judge Cantrill.

"It is," answered the jury.

POWERS WAS SHOCKED.

Powers was watched closely. He seem shocked for an instant, and a pained look crept into his cold, pale face; great beads of sweat broke out on his forehead, and for the first time he betrayed nervousness, but it was only for a moment. Regaining his composure, he turned to the Misses Dangerfield and said: "I was not expecting that. The verdict is unjust."

Judge Cantrill thanked the jury for their patience under such a long strain, the Court adjourned and all was over.

There was no sort of demonstration following the verdict, and the vast crowd filed out of the courthouse almost in silence.

GOEBEL'S BROTHER WEPT.

After Court adjourned a very pathetic scene occurred in the west jury room, which has been occupied by attorneys for the prosecution as a conference room. Arthur Goebel, who has devoted himself to all the details of the trial so industriously for months, was almost overcome when he realized that one of the conspirators had been convicted. He stood at the window silently weeping, in striking contrast to what was going on in the opposite jury room. In there Powers had stepped for a few minutes' conference before going back to jail, and he cursed and swore at the jury, the lawyers, the witnesses and everybody. He was in a blind rage and vented his spleen in a most blasphemous way, so said those near enough the door to hear.

PEKIN TAKEN.

Allies Enter the Chinese Capital on the 15th.

Americans Were in the Fight and Were the First to Scale the Wall.

Washington, Aug. 18.—General Yamaguchi wires from Pekin to Tokio, under date of August 16, as follows:

"The allies attacked Pekin early yesterday, opening with artillery on the eastern side. The wall was obstinately held by the enemy."

"The Japanese and Russians were on the northward of the Tungchow canal. The Americans and British were on the south side. At nightfall the Japanese blew up the two eastern gates of the Tartar City and entered."

"In the meantime the Americans and British entered the Chinese City by the Tung Pien gates. Detachments of each force were sent toward the legations. The parties met near the legations and opened communication. All the Ministers and their staffs were found safe."

"The Japanese loss was over 100 killed, including three officers. The losses of the allies have not been ascertained. Four hundred Chinese were killed."

Americans Took Part.

The dispatch from General Yamaguchi, giving the details of the capture of Pekin, was accepted by the War Department officials as giving the most satisfactory account thus far received. General Yamaguchi is in command of the Fifth Army Corps, with the rank of Major General, and is regarded as one of the fighting Generals of the Japanese army. His report discloses for the first time that the Americans shared in the assault on the city and that they marched with the British troops to the south gate, while the Japanese and Russians operated against the east gate. What was most noticeable in the Japanese report was that the Japanese killed are given at 100 and the Chinese killed at 400.

Heavy Losses Expected.

This makes no account of the wounded, and indicates that when the detailed casualty list is received it will be a heavy one, as the wounded always far exceed the killed. Furthermore, the report states that the loss of the "allies" had not been ascertained. This is the first intimation that there were losses other than those sustained by the Japanese. The entire tenor of the report indicates that the engagement was a fierce one, lasting throughout the day of August 15, as the attack began early in the morning and the blowing up of the gates did not occur until nightfall.

Chaffee Heard From.

Washington, Aug. 20.—News of the rescue of the Ministers at Pekin was confirmed yesterday by the receipt at Washington of a cable message from Maj. Gen. Chaffee, who reports that he entered the legation grounds on the evening of August 14 (believed to be 15th) with the Fourteenth infantry and a light battery. Gen. Chaffee met with resistance, as he says eight men were wounded during the day's fighting. Rear Admiral Remy cables that the telegraph line to Pekin has been interrupted, and that information from Japanese sources says the Empress Dowager is detained in the "inner city," which is being bombarded by the allies. Admiral Remy's message is dated Taku, Aug. 18. A cable message from Rear Admiral Bruce at Cheloo to the British Admiralty, says street fighting still continues in Pekin and part of the city is on fire. He says the Chinese are making their last stand in the "inner city." He also confirms the news of the detention of the Empress Dowager.

It is said the next move will probably be the arrangement of an armistice. The withdrawal of troops and the fixing of indemnities will be left to commissions. The United States has not decided on a policy, all energies of the Government up to the present time having been directed to the relief of the Ministers.

The discovery of a shortage of \$133,000 in the school fund has been followed by the uncovering of a misappropriation of \$30,000 after Taylor ceased to be Governor.

Ollie James and W. E. Bourland will open the campaign for the Democrats at Madisonville Sept. 1st. They will fill a night appointment at Earlington.

The Republican member of the Powers jury was the first juror to announce himself for conviction and one of the holding Democrats was foreman of the jury.

The Henderson Journal has decided to support Bryan, Stevenson and Allen and has placed their names at the head of its editorial page. Don't split your ticket, Bro. Lynce. Put up Beckham and take it straight once more.

Figures show that the Philippine war has for 18 months averaged \$10,500,600 and 125 American lives monthly. After wars come pensions and the entire expense of our attempt at conquest must include the pensions yet to come.

Hanna has added a couple of negroes to his "Advisory Committee"—one an Illinois editor and the other an Ohio preacher. Of course he will take the advice they will give him about running the campaign.

The Middle-of-the-Road Populists in the First district have nominated Ben C. Keys, of Calloway, for Congress again this year. Dr. J. H. Luckey was voted for but, was finally turned down to let Uncle Ben have his regular biennial nomination.

A race riot took place in New York City Wednesday night, growing out of the shooting of a policeman by a negro. The trouble started at a wake over the officer's body and a crowd of 1500 people went out to attack negroes and were soon chasing every one who could be found. Sixty or more negroes and a dozen white men were badly wounded before the police were able to suppress the bloody riot. P. S.—New York is not in the South.

The Chicago Record is doing good work for Bryan in fighting imperialism, although it has not yet formally declared for the Democratic nominee. In an article showing the cost of the Philippine war since Feb. 1898, it shows from official records that the money cost has been \$186,000,000 and that 2,400 American soldiers have lost their lives. In the face of this appalling statement, Gen. McArthur estimates that it will be a year longer before he will be able to reduce his army to 40,000. There are now in the Philippines 65,000 soldiers, nearly three times as many as there in the entire army three years ago.

There is general regret and disappointment that Gov. Beckham has decided not to accept Mr. Yerkes' challenge to a joint discussion of state issues. The record of the Republican party is in itself enough to run Yerkes off the stump, if Gov. Beckham should do nothing more than read the official records. Yerkes should not be allowed to go unanswerd, and if the Governor is too busy, or does not consider it "consistent with dignity," to lead his party into the fight, Gov. McCreary should see that other speakers are supplied to accommodate the Republicans in their desire for joint debates.

Powers has issued a card in which he claims to be a martyr to civil liberty. One of his attorneys also expresses the opinion that Powers will never serve a minute of his sentence. The Republican plan is to keep him out of the penitentiary by dilatory tactics, hoping that Yerkes may be elected and pardon him, or that in any event Orear may be elected to succeed Judge Hazelrigg and change the complexion of the Appellate Court in time to save him by partisan decisions, granting new trials as often as necessary until the case could be worn out in the courts.

Bryan and Stevenson have been endorsed by another National Convention. This time it is the Anti-Imperialist League, in session at Indianapolis, with 200 delegates representing 26 States. The President was former Gov. Geo. S. Boutwell, of Massachusetts, an original "charter member" of the Republican party. The endorsement was by a vote practically unanimous, the resolutions being reported by a committee of 25 members. 110 of whom voted for McKinley and 7 for Palmer in 1896.

In spite of the strenuous efforts of the organs of assassination, Caleb Powers, one of the leaders of the gang of assassins who murdered the Governor of the State, has been given a life sentence for his crime, although only charged with being an accessory. The sentence is a light one, but it upholds the majesty of the law in Kentucky.

Hopkins county holds the key to the situation in the Republican fight for the congressional nomination. Seebree must have Hopkins to beat the revenue gang, headed by Broncho Franks. Hopkins has two candidates, both at Dawson. If Scott and Lynch are tools of Franks, Lige will get it in the neck.

Ex-Senator Jno. J. Ingalls died in Las Vegas, N. M., last week while preparing to return to his home at Atchison, Kans. He was 67 years old and was for 18 years one of the most conspicuous Republicans in the United States Senate.

The danger of a race war in Liberty county, Ga., is over. The negroes have dispersed and the Sheriff has wired the Governor that the troops are not needed any longer.

A story published in New York says that fourteen foreign anarchists are under arrest, accused of a plot to kill President McKinley. The plot is said to have been hatched in Naples.

The Cuban school teachers, to the number of 1176, who have been taking a summer course at Harvard University, left for their home last week.

The population of greater New York is 3,437,202. The increase over 1890 is estimated at 38.9 per cent.

The Louisville Dispatch and the Harrodsburg Sayings are supporting Bryan, Stevenson and Yerkes.

CHICAGO TOO

Has a Mob That Almost Lynched a Negro.

Chicago, Aug. 16.—Wm. Fikua, a colored man from Nashville, Tenn., came dangerously near being lynched in the streets to-night. He snatched a pocketbook from a woman and led the police a long chase through the alleys and down town streets. During his fight he fired three times at the police and the crowd which followed the officers in the pursuit. He was finally caught in front of the Great Northern Hotel, where he crawled under a horse which was standing by the hotel entrance.

While the officers were taking their prisoner to the police station they were followed by a crowd fully 500 strong, which shouted "Hang him." "Lynch him." "Take him away." The officers halted at Madison and Clark streets to wait for the patrol wagon and the crowd made a desperate effort to take Fikua from them. Ropes were procured, and if the colored man had been taken from the police he, certainly would have been hanged. The police used their clubs vigorously and managed to get the prisoner to the patrol wagon, which made a successful dash through the crowd.

FRANK PASTEUR,

Clerk of Caldwell County, Short in His Accounts.

Frankfort, August 20.—Inspector Hines has found a shortage of over \$1,500 in the accounts of Frank A. Pasteur, County Court Clerk of Caldwell county. The Inspector will also report that Pasteur's office has been conducted with unbusinesslike methods and in disregard of the law in many instances. Pasteur admits he is short and says he is prepared to make a settlement, but has failed to do so, ignoring demands of Auditor Coulter as he had previously ignored requests from Auditor Stone.

The law in Section 4,202 of the statutes declares that Pasteur committed a misdemeanor when he refused to comply with the other sections quoted above, and provides a fine of not less than \$50 nor more than \$1,000 for each offense.

Pasteur was one of the bitterest of the Brown Democrats during the campaign. He was the nominee for State Auditor on the ticket. He was recently endorsed for County Court Clerk of Caldwell by the Republicans.

Judge Hines will submit his report as soon as it is completed and Pasteur will be proceeded against.

Scheme Didn't Work.

Wes McDaniel, of Daviess county, tried to have his wife sent to the asylum near Hopkinsville. She was tried in the county court and hearing one witness, Dr. Henry A. Knottsville, the home of the McDaniels, the warrant was dismissed and the jury discharged.

Dr. Early testified that he was the family physician, and there was not now nor ever had been any trouble with Mrs. McDaniel's mental faculties.

Neighbors of McDaniel, told Deputy Sheriff Haynes that he offered his wife \$100 to leave him, but she declined to do so, and they think the lunacy charge was brought against her with the hopes of getting rid of her.—Owensboro Messenger.

WILSON CASE.

Postponed Until Tuesday September 4th.

John Wilson, the constable of the Fruit Hill district, who shot and killed Alex Wright at a picnic near White Plains on August 11th, was brought out for trial yesterday, but was not ready and on motion of the defense the case was postponed by Judge Cansler until Tuesday, Sept. 4th.

Wilson was in court apparently perfectly sane and free from any suspicion of lunacy.

He consulted with his attorneys, Messrs. Breathitt and Bush, and explained what he expected to prove by the various witnesses. There were about 50 witnesses present and all of them were put under bonds of \$100 each to appear Sept. 4. A dozen or more witnesses were absent and these will be summoned again.

Attorney J. T. Hanbery has been employed by the Wrights to assist in the prosecution. Wilson's defense will probably be that he was temporarily insane. Unless he can get off on a plea of lunacy, he is in a very bad scrape and cannot escape conviction.

RURAL FREE DELIVERY.

Special Agent Plummer Arranging for Its Operation in Montgomery County.

Clarksville, Tenn., Aug. 17.—Special Postal Agent Plummer arrived in Clarksville last night, and is now engaged in looking over the county with a view to establishing rural free delivery routes. He contemplates establishing three, or perhaps four, such routes in Montgomery county. The details of his plan have not yet been worked out, but the general idea is to place one route on the south side, one along the Russellville pike, one along the Hopkinsville pike and one along the Nashville pike. These routes will be so arranged that the carriers will go out the pikes in the morning, and return by a county road. Each route is expected to be practically twenty-five miles long. He has given it out that the toll on pikes and ferries will have to be taken off for the carriers, or no routes will be established. It is believed that there will be no difficulty on this score.

PLAIN STEALING.

How The State Treasury Was Looted Before Taylor Fled.

Theft of \$30,000 Exposed and Suits To Be Brought Against Bondsmen.

Frankfort, Ky., Aug. 18.—Investigations into the conduct of the different offices during the Taylor administration are bringing to light daily the most startling disclosures of misappropriation of funds and reckless and unlawful expenditures of the people's money, particularly used to maintain Taylor's soldiery with a view to thwarting the will of the people and clogging the enforcement of civil law.

Here are the Figures.

Funds misappropriated by Republican officials shown by warrants and checks in auditor's office:
January 31, 1900.....\$10,044.13
February 2, 1900.....2,599.97
February 3, 1900.....702.25
February 7, 1900.....12,612.95
February 7, 1900.....4,022.83
83.26
32.55

Total.....\$30,097.64

In November, December and January \$5,904.74 was spent in preparing the militia.

In the eight days, from January 31 to February 7, Taylor, Collier, Auditor Sweeney and Treasurer Day drew without warrant of the law the startling sum of \$29,982.13 to maintain Taylor's soldiers.

Money Unaccounted For.

When Auditor Coulter went into the office vacated by Auditor Sweeney he called Gov. Beckham's attention to the fact that Collier had money unaccounted for, with no records to show how the money was spent. He asked that State Inspector Hines be ordered to look into the accounts. Then it was that Collier, after waiting three months, carried alleged bills and receipts to Auditor Coulter, accompanied by a check for \$1,754.41, the alleged balance from the \$10,044.13. The matter was out of Auditor Coulter's hands, and was in the hands of the State Inspector, so Auditor Coulter bundled the papers up and put them in the safe. The accounts show, however, that the money was paid out late in February, after Collier had been removed from office by Gov. Beckham. It was only after the investigation was demanded that Collier admitted having any money belonging to the State and that he offered to pay it back. In the adjutant general's office there is not the scratch of a pen to show for what the money was expended. It is pointed out that \$10,000 is quite a smart little pile of money for a man to carry about with him when he has no legal right to it.

Republicans Grew Desperate.

Dating from that first misappropriation, the desperate Republican officials dug down deep into the State treasury for the means to bolster up their cause and satisfy the clamorings of the soldiers. Although Gov. Goebel was sworn into office on the night of January 31, and W. S. Taylor was retired to private life, according to the rulings of all the courts, from the lowest to the supreme court of the United States yet Sweeney, the Republican auditor, honored Taylor's requisition for \$2,599.97 on February 2, the third day after Gov. Goebel was sworn in. Treasurer Day paid out this sum of money without any warrant of law whatever. The requisition is void because it lacked the signature of the governor.

Again on Feb. 2, Feb. 3 and Feb. 7, the looting went on until the amounts aggregated \$30,097.64. Some of this money is presumed to have been used for paying Citizen Taylor's soldiers, though there is nothing to show for it.

The records also show that many men paid as soldiers were not enlisted and had no right under any pretext to receive the State's money paid to them.

Spent \$5,904 to Capture Election.

The records in the auditor's office show that for three months prior to the assassination of Gov. Goebel, Gov. Bradley and Taylor were spending the people's money in organizing a military following out

ROYAL Baking Powder

The strongest, purest, most efficient and wholesome of leavening agents. Not lowest in price, yet the most economical; indispensable to all who appreciate the best and most healthful food.

Our country is enjoying prosperity almost unsurpassed in its history.

For every one there is money enough to buy that to eat which is pure, sound, good, wholesome.

Why should we use cheap, impure, unhealthful articles of food? There is no economy in them; they endanger the health, they may cost life. There are reported almost daily cases of sickness caused by eating cake, puddings or biscuit made with the cheap, alum baking powders.

In all articles for food buy and use only the best. The good health of the family is of first consideration.

Alum is used in many baking powders because it makes them cheap. It costs less than two cents a pound. Alum is a corrosive poison. Think of feeding it to children! Yet the manufacturers of well-known alum powders are actually denying that their goods contain it.

whom they could count to do their will in any emergency.

In November they spent \$840.42; in December, \$2,855.87, and in January \$2,208.45. That this wild misappropriation of the people's money was done with race-horse speed is shown by the record from January 31 to February 7, eight days, when the startling sum of \$29,982.13 was withdrawn from the treasury. If the \$5,904 expended for military purposes during November, December and January is added, the people can contemplate \$35,886.87 of their money spent illegally for the purpose of intimidating their lawmakers, barring their way to the official buildings, and over-awing the voters of Louisville at the polls on the November election day.

TOWNE WILL FOLLOW.

Roosevelt to Have an Orator On His Trail in the Tour of the West.

Chicago, Aug. 17.—According to information given out at Democratic National Headquarters, in his tour of the West Gov. Roosevelt will have an orator on his trail in the person of Charles A. Towne, the silver Republican leader.

Within ten days Mr. Towne will open the campaign at Duluth, where he will make an address devoted mostly to answering Roosevelt. Later Towne will tour Idaho, Oregon, Washington, California and other Western States, keeping close to Gov. Roosevelt's path. Mr. Towne will make an occasional trip to the South, speaking at Atlanta, Louisville, Memphis, Nashville and other important cities. Through-out it will be Mr. Towne's mission to pay special attention to the Republican vice presidential nominee and to answer arguments by the latter during the campaign.

Republican Campaign Book.

New York, Aug. 19.—The Republican campaign text book, issued at the beginning of each presidential campaign by the Republican National Committee, has been completed and sample copies have arrived at national headquarters. The topics discussed in the book are national prosperity and its effect on the business elements, the manufacturers, the farmers and the workmen, the currency question, trusts, conditions in Cuba, Porto Rico and the Philippines. The latter part of the book is devoted to a defense of so-called imperialism.

BRYAN INDORSED

By The Liberty Congress of Indianapolis.

The Platform Strongly Denounces Imperialism and Opposes McKinley's Election.

Indianapolis, Ind., Aug. 17.—The Liberty Congress of the American League of Anti-imperialists yesterday adopted a platform strongly denouncing the policy of imperialism, opposing the re-election of President McKinley and emphatically endorsing the candidacy of W. J. Bryan for President. An effort was made by leaders of the "National party" movement to strike out that part of the platform endorsing Mr. Bryan, but an amendment to that effect only received about a score of votes. One of those who opposed the Bryan endorsement was John D. White, of Kentucky. After adoption of the platform a resolution deprecating all efforts to deprive the negro of his rights as a citizen was also adopted. The congress closed last night with an address at Tomlinson Hall by Charles A. Towne.

KENTUCKY FEUD.

Adkinses And Howards Have a Bloody Battle in Elliott County—The Results.

Morehead, Ky., Aug. 17.—The Adkinses and Howards had a bloody battle in Elliott County last night in which one of the Howards was shot dead and another was shot through the lung and is expected to die. The difficulty was caused by one of the Howards and one of Lindsay Adkins' boys quarreling over a young woman in their neighborhood. After quarreling both went home and brought back other members of their families for reinforcements. Adkinses' father, who is a preacher, was in the fight with his boys. All the Adkinses have been arrested and are in the Martinsburg jail.

HOPSON AT HOME.

Has Quit Public Kissing Since Returning From Asia.

Huntsville, Ala., Aug. 17.—This is the birthday of Alabama's war hero, Hobson, and his native town presented him with a handsome silver service. Both Hobson and the girls have learned something since the first days of the young man's heroism, and there is less Hobsonizing than in former days. The young naval hero is now on sick leave to recuperate.

A SCIENTIFIC DISCOVERY.

Dr. Augustus Ruggles, Treasurer of the Greater New York Medical Association, says, "There is just one scientific compound known as DIAMOND DROPS Tablets which can be relied upon to cure dyspepsia and constipation in any case. State College of Kentucky.

The Agricultural and Mechanical (State College) College of Kentucky, offers the following courses of study, viz: Agricultural, Horticultural, Chemical, Biological, Mathematical, Normal School, Classical, Mechanical Engineering, Electrical Engineering, Civil Engineering, each of which extends over four years and leads to a degree. Post graduate courses of study are also provided, leading each to a master's degree. Each course of study is organized under a separate faculty. The general faculty numbers more than thirty professors and instructors. County Appointees receive tuition, room rent in dormitories, fuel and lights, and if they remain ten months, traveling expenses. The laboratories and museums are large, well equipped, comprehensive and modern. The last Legislature appropriated \$30,000 for a college home for young women and \$30,000 for drill hall and gymnasium for men. Military tactics and science are fully provided for and required by Congress. Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the college to supply. Last year the matriculation list was 563. For catalogues, method of obtaining appointments, information regarding courses of study and terms of admission, apply to JAMES K. PATTERSON, Ph. D., LL. D., President. Or to V. E. MUNCY, Business Agent, LEXINGTON, KY.

Fall Term Begins September 10, 1900.

When you go to Arkansas or Texas you can travel in comfort if you know how. Ask the ticket agent for a ticket via the COTTON BELT ROUTE and you can ride in a reclining chair car, without extra cost, and thus avoid the discomforts you would encounter in an ordinary car. The chairs are arranged so you can have a comfortable seat during the long ride from Memphis and Cairo to Texas without change. Strict connections are made at Cotton Belt junctions with trains for all parts of Texas, Indian Territory, and the far West. If you are thinking of doing a trip, write and let us know where you are going and when you will leave. We will tell you how much your ticket will cost, what train to take so as to make the best time and connections, and any thing else that will help make your trip a comfortable one. An interesting little booklet, "A TRIP TO TEXAS," will be sent free to any address.

are practically annihilated by the ocean cables and land telegraph systems which now belt the circumference of Old Earth in 83 many different directions. "Foreign papers" are no longer foreign in the old meaning of the term. Europe, Africa, Asia, are "next door" to us. What happens there to-day we know to-morrow—if we read THE CHICAGO RECORD, whose Special Cable Correspondents are located in every important city in the world outside of the United States. No other American newspaper ever attempted so extensive a service; and it is supplemented by the regular foreign news service of The Associated Press. For accurate intelligence of the stirring events which are shaking the nations—of wars and rumors of wars—of the threatening dissolution of old governments and the establishment of new—the onward sweep of the race in all parts of the world—the one medium of the most satisfactory information is the enterprising, "up-to-date" American newspaper, THE CHICAGO RECORD.

DIGEST YOUR FOOD. Ninety per cent. of all sickness is caused by indigestion. It creates poisons and goes into your blood and then you are liable to almost any disease the human system is heir to. Use Dr. Caldwell's German Liver Purifier and watch the results. You will find the good effects after taking one dose. Give it a trial and be convinced. Price 25c. Dr. Otto's Spruce Gum Balsam Cures Your Cough. Just the Medicine for Children. For sale by...

It is folly to draw a sight draught on a blind man.

Are you running for office this year? No, You darn fool! I'm running to C. K. Wily's for a bottle of Dr. Caldwell's Syrup Pepsin to cure this indigestion.

Don't apologize when you shake hands with your gloves on.

Never Know a Chamberlain's Colic, Cholera and Diarrhoea Remedy to Fail.

Rev. J. M. Yingling, pastor of the Bedford Street Methodist church at Cumberland, Md., says: It afforded much pleasure to recommend Chamberlain's Cholera Colic and diarrhoea Remedy. I have used it and know others who have done so. I have never known it to fail. It is a sure cure when taken in time. Sold by R. C. Hardwick.

Don't forget to keep to the right whether riding or walking.

Troublesome to the Army.

During the civil war as well as the late war with Spain diarrhoea was one of the most troublesome diseases the army had to contend with. In many cases it became chronic and many old soldiers still suffer from it. Mr. David Taylor of Wind Ridge, Greene Co., Pa., is one of these. He uses Chamberlain's Colic, Cholera and Diarrhoea Remedy and says he never found anything that would give him such quick relief. It is for sale by R. C. Hardwick.

Don't occupy any more space in a car than you are entitled to.

Don't talk at a theatre or concert while the performance is going on.

Tetter, Salt-Rheum and Eczema.

The intense itching and smarting incident to these diseases, is instantly allayed by applying Chamberlain's Eye and Skin Ointment. Many very bad cases have been permanently cured by it. It is equally efficient for itching piles and a favorite remedy for sore nipples, chapped hands, chilblains, frost bites and chronic sores. 25c per box. For sale by R. C. Hardwick.

Don't forget to render all necessary services to anyone in need of them.

November 6th, 1899.

DEAR SIR:—I feel it my duty to write to you and let you know how good your medicine has done for me. Twenty-three years ago I was taken with some kind of stomach trouble and I tried everything I heard of. They did me but little good. Three years ago neuralgia set in on me and I got so poor and weak that I could hardly walk—couldn't work any. My husband received a book through the mail, advertising your medicine, and he sent our little boy to the drug store to get one of your ten-cent bottles. I began to use it. It is strange to say, but it's the truth, the second dose I took gave me lots of relief. I kept on using it for nearly a year and I am as strong as I was before and can do any kind of work. I would like it in all for it seems to me it would cure anybody. I have gotten others to use it and they say Dr. Caldwell's Syrup Pepsin has done them much good. God bless Dr. Caldwell and his medicine for doing me so much good. Yours Truly, MRS. ISABEL WHEELER. Freetown, Jackson Co., Ind. Sold by C. K. Wily.

Don't be in haste to introduce. Find out first if it is mutually agreeable.

"Delays Are Dangerous."

A small pimple on your face may seem of little consequence, but it shows your blood is impure and impure blood is what causes most of the diseases from which people suffer. Better heed the warning given by the pimple and purify your blood at once by taking Hood's Sarsaparilla. This medicine cures all diseases due to bad blood, including scrofula and salt rheum.

NURSING THEIR CASES.

A Prominent Physician Chats of the Ethics of the Profession.

"As a rule," said a physician, "the members of my profession are conscientious men, who desire and strive to bring about the ultimate recovery of their patients."

"I say 'ultimate,' because there are a few who are not so anxious to accomplish an immediate restoration, as they might. This 'nursing a case' to secure calls and consequent fees is frequent enough to have a recognized standing and practice in the profession, though we are not given to discussing it in public nor with our patients."

"It must be borne in mind that physicians are human beings, who have an ambition, not only to become prominent in their chosen calling, but possessed of an abundance of this world's luxuries. They adopted the medical profession either because of a special aptitude, or because it affords a career, usually a good one, and one in which independence and high position in the community may be obtained. Charity and commiseration toward his fellow-men played no part in the medical student's contemplations of the future. The die was cast purely as a business venture, and as a business venture it is maintained."

"Let us see. The young physician finds himself 'short' on patients and bank account, and long on hopes and ambitions. A patient, then, to him, is, from the very start, a source, the only source, of his income. The more patients he has, the more calls he makes and receives, and more money deposited in the bank follows as a necessary corollary."

"Why should he not, therefore, make all the calls he can? He does. Thus, it becomes a habit formed early in his professional career, and it is hard, they say, to teach an old dog new tricks."

"On the other hand, the patient is ill. He has not the technical knowledge of his medical adviser, and he is himself, so to speak, upon the latter's merciful protection. If he feels that his physician is making unnecessary calls, a sense of the proprieties of this relationship prevents him from giving expression to his feelings, even if he were so inclined. Again, some physicians—and to the credit of the profession, I am happy to say, they are in the large minority—do not prescribe at once such remedies as they know will act quickly. In other words, they do not wish their patients to get well too soon. Women, rather than men, are more easily imposed upon in this respect. Some women patients appear to like to be nursed along a 'slow recovery.'"

"As a simile, a physician's practice is much like a game of whist in playing trump. If you play your highest trump remedy and get your patient out at once, you win the trick, and you lose him as an immediate patient, though he may stay with you for future consultations. If you play your lowest trump, or slowest remedy, you lose the trick by dallying with him too long, for he will dispense with your services and call in another doctor."

"Physicians do many kind and beneficent acts, more than the public fully know, but in that I am a 'beast' on my own market, you know."—Washington Star.

GETTING MARRIED ON TRUST.

Justice Davis Didn't Get His Expected Fee.

"Oh, you know me, boss; I've been here afore."

This remark was addressed to Justice Frank Davis by a very black dandy who drifted into the square's office a few days ago, accompanied by a copper-colored negress.

"We want to get married," said the negro, producing a license issued by County Clerk Speed to Judge Gill and Hattie Shipp. The squire unfolded the marriage license, and the crowd in the office sneaked their lips in anticipation of the treat that was to follow the knot tying, for it is the custom with some Memphis magistrates to always spend marriage fees over the bar.

When the marriage ceremony was concluded the newly made husband, instead of digging up the fee, gave the magistrate a broad grin and said: "Now, boss, I owes you for two. You married me before, but I ain't forgot it, and I'll pay you for both when the pay train comes in."

Justice Davis took a good look at the dandy, and recognized him as a railroad brakeman whom he had married to another woman about two years before. The office crowd failed to get the treat, but Justice Davis told them he would make it two when "Judge" paid his fees.—Memphis Scimitar.

W. T. COOPER & CO.,

Wholesale & Retail Grocers.

Fleeing at Fairview.

The protracted meeting in progress at the M. E. church here is attracting large crowds at night. Hopkinsville and the surrounding neighborhood are well represented. Rev. Studfield is doing some splendid preaching. Up to this time there is no great deal of interest manifested by the part of sinners.—Fairview Review.

Residence Burned.

Mr. Frank Chilton, near Pembroke, had the misfortune to lose his house by fire last Monday. The fire originated from a defective flue in the kitchen. The loss was partly covered by insurance.—Fairview Review.

A Responsible Business College.

We advise young men who wish a business, shorthand or telegraphic course to write to Prof. W. R. Smith, President of the famous and reliable Commercial College of Kentucky University, Lexington, Ky., for circulars.

Fred Tappan, drunk, fined \$5 and costs.

CAMP CERULEAN.

Soldier Boys Will Take A Week Off From Work.

About 30 members of Co. D, Third Regiment Kentucky State Guards, Capt. C. H. Tandy in command, will go into camp at Cerulean Springs tomorrow to remain one week. The military camp will be located on the hotel grounds behind the hotel, and the company will be under strict military discipline. As the Republicans left no money in the military fund, the encampment will be at the private expense of the soldiers who go. They will be provided with their own commissary and will do their own cooking, as in regular State encampments.

ARM AMPUTATED.

Mr. L. J. Purcell's Injury More Serious Than First Reported.

The accident sustained by Mr. L. J. Purcell, of Lafayette, a week ago, proved to be more serious than first reported.

Mr. Purcell was putting his thrasher in the shed and was called upon to tighten a friction slide. He finished this and called to his assistant to go ahead, but just as the machine was about to start he discovered that his wrench was lying inside the wheel. He attempted to grab it out but was not quick enough and his arm was caught and crushed. The bones were set, but later amputation was necessary. The operation was performed last Monday night.

SHOULDER DISLOCATED.

Painful Injury to Mr. E. M. Barnes.

Mr. E. M. Barnes, of Pon, had his shoulder dislocated a few days ago while trying to put a bridle on a mule. He had his arm over the mule's neck and was in the act of putting the bridle on, when the animal suddenly reared up and throwing his arm up dislocated the shoulder. Mr. Barnes is just able to be up again from his injury.

OF TYPHOID FEVER.

Mrs. J. M. Tinsley Dies Sunday Morning.

Mrs. Tinsley, wife of Mr. J. M. Tinsley, died Sunday at her home on Jesup avenue, of typhoid fever. She was first taken ill with puerperal fever and later developed typhoid symptoms, resulting fatally. The burial took place yesterday at the Boyd burying ground in the country.

Will Move to Todd.

Geo. T. Wharton will leave Trigg county about January first and move to Todd. He will run the fine C. H. Penick farm near Elkton, which is now owned by Mrs. E. B. Lindsay and C. H. Penick, Jr. The removal of Mr. Wharton and his family from Trigg will be a source of much regret to their hosts of friends.—Cadiz Record.

THOMPSON & BASSETT.

Monuments.

It is nonsense to believe that you can buy of some agent as cheap as you can of your home shop, where you get the best marble and granite at the lowest possible price. If you will call and see our work and get our prices you will find yourself well paid for the trouble.

Yours truly,

W. H. SHANKLIN,
